Professional Experience

Research Engineer, Northwestern University	2017-present
Senior R&D Engineer, Cabot Microelectronics	2011-2016

Education

Ph.D, Mechanical Engineering, Northwestern University	2005
M.Eng. Mechanical Engineering, Nanyang Technological University, Singapore	2000

Selected Publications

Rotating lattice microstructure in solid-phase lateral epitaxial crystallization of complex oxides, R. Liu, T. Janicki, S. D. Marks, D. S. Gyan, P. Zuo, D. E. Savage, T. Zhou, Z. Cai, M. Holt, S. Butun, **S. Lu**, N. Basit, X. Hu, T. Abbott, N. Kabat, W. Li, Q. Li, K. P. Kelley, R. K. Vasudevan, J. R. Schmidt, S. E. Babcock, and P. G. Evans. APS March Meeting 2023, Las Vegas, Nevada (March 5-10, 2023)

Optical and Electronic functionality arising from the controlled defect formation in nanoscale complex oxide lateral epitaxy (**Submitted 2023**) R. Liua , T. D. Janickib , S.l D. Marks , D.
